Mr. Dwight Bowden
President
Ashtabula County Airport Authority
PO Box 379
Jefferson, Ohio 44047

Re: Recent Certification

Dear Mr. Bowden,

The recent accomplishment of Northeast Ohio Regional Airport (KHZY) obtaining a full Commercial Operating Certificate from the State of Ohio is truly a testament to your authority's dedication to aviation. It is a difficult process that few airports have accomplished.

We at the Ohio Aviation Association (OAA) want to say thank you to you, the Board, and airport management for having the foresight and leadership to work toward that Certification. KHZY exemplifies the service and safety aspects of aviation to which all airports should aspire.

We are proud to have KHZY as an active member of OAA. On behalf of the entire OAA Board of Directors, we thank you again for your dedication to aviation in Ohio!

Best regards,

Stacey Heaton
Executive Director
Ohio Aviation Association
